

EverFocus EDVR Series Digital Video Recorders

MPEG4 Compression, Advanced Networking Features, and Optional Internal DVD Burner

The EDVR Series from EverFocus utilizes the latest MPEG4 Compression technology and pentaplex operation for optimal recording performance. Users can backup video to DVD using the optional internal DVD Burner or to USB flash memory via the USB 2.0 ports. For user with larger internal storage requirements, the EDVR-F option offers up to 4 internal hard drives. The EDVR Series also offers free DDNS Server for use with dynamic IP addresses. Available in 4, 9, or 16 channels, the EDVR Series from EverFocus is a powerful solution for all your digital recording applications.

Features

- Pentaplex Operation (Live, Recording, Playback, Archiving, Remote Viewing)
- Built-in MPEG4 Codec with Configurable Quality
- Multiple Motion Detection Capabilities for each camera (28x22)
- Ethernet Interface for Remote Network Viewing and Controlling
- 2 USB 2.0 Interface for Mouse and archiving
- Free DDNS server for use with dynamic IP addresses

Standard Product Configurations

4CH
